

SUGGESTED SPECIFICATIONS
FOR
Pro-Extreme
July 23, 2010

Install all exposed lavatories drain piping, hot/cold stops and supplies. Covers will consist of PVC molded, with anti-fungal, and anti-microbial properties. Covers will be of a One-Piece continuous smooth design. Covers shall have weep hole at bottom of J-bend to provide for condensation drainage and air circulation. Covers must be secured by Heavy-Duty Self-Locking Snap Fasteners for permanent and safe fit option and to deter theft and/or injury.

Manufacturer: **PLUMBEREX INC.**

Brand: **PRO-EXTREME™**

"PRO-EXTREME does not meet the 25 flame/450 Smoke index material test standard ASTM E-84 and may not satisfy City, County or State Code enforcement bodies. Check with your Authority Having Jurisdiction (AHJ)."
