THE FLOOR SINK CARRIER™ BY PLUMBEREX

Acts as a caddy for floor sink installations, eliminating the hassle of taping rebar during groundwork to estimate where sink placements meet floor elevations. Engineered with the plumber in mind, the Floor Sink Carrier™ was designed by plumbing professionals who know the industry.

BENEFITS

- Easy to meet floor elevations
- Professional-looking installations
- Installs easily in minutes
- Saves labor, cuts installation time by 80%
- Fits all floor sinks with 2" to 4" outlets
- Hassle-free elevation adjustments
- 3/8" to 1/2" rebar may be used
- Safety rebar secures floor sink permanently in place
- Complies with metal-to-metal building/soil codes
- Quick, screw-on design eliminates need for costly and clumsy tape or wire configurations
- Easy on plumber's back by eliminating prolonged weight transports of heavy sinks

Floor Sink Carrier™ made of durable ABS plastic, is perfect for laying fixtures in footing areas as shown left.

SPECIFICATIONS

For professional, secure, hassle-free floor sink installations, furnish and install FLOOR SINK CARRIER™ manufactured by PLUMBEREX SPECIALTY PRODUCTS, INC.
