

# HANDY-SHIELD

## ADA Kitchen Sink Specialty Items Commercial and Residential

### Meet ADA Plumbing Standards

**HANDY-SHIELD™** Safety Covers comply with ADA/DOJ Standards for Accessible Design 606.5, Kitchen Sinks - 804.4; ICC A117.1 (sec. 606.6), Kitchens - 804.4, Residential, Multi-Family 1003.12.4.4 and 1004.12.2.1. ASME A112.18.9 and ASTM C1822.

### Fire Performance

**HANDY-SHIELD** Safety Covers offer a Superior Vinyl Fire-Rated Material that is tested to Building and Fire Code Approved ASTM E-84 /UL 723 and is rated "Class A Material" with a 25 Flame and 450 Smoke Rating meeting ASTM C1822 Type I, and IAPMO PS 94.

### Increased Access and More Economical

**HANDY-SHIELD** Safety Covers offers a complete line of under-sink solutions that are both economical and install quickly with Velcro. These covers eliminate the high cost of expensive custom cabinet materials and labor to cover piping.

**HANDY-SHIELD** Safety Covers increases under-sink access compared with other systems.

### Superior Material with Color Choices

**HANDY-SHIELD** Safety Covers are made from Vinyl Material that features a High-Gloss, Smooth-Finish Surface, Anti-Microbial, Anti-Fungal inhibitive properties and UV long-term, material protection. Your customers
